RE: Recommendation letter for Mr. GIHOZO Josephine

I have known Ms. **GIHOZO Josephine** since February 2020, when she was a Bachelor's student in Business Administration and Finance, where I teach several academic modules. I have found Ms. **GIHOZO Josephine** to be a dedicated, disciplined, and highly motivated student. She is an outstanding learner, and I greatly appreciate her professionalism as well as her commitment throughout the period I worked with her. Her participation in advanced studies will undoubtedly strengthen her research capabilities and enhance her academic performance, for the benefit of the institution, the country, and the region as a whole.

she has demonstrated admirable analytical and practical skills. her peers within the institute frequently sought her advice, and many have expressed their appreciation for her positive, supportive, and encouraging attitude. she consistently demonstrates strong diligence, is capable of developing well-structured plans, and effectively shares acquired skills and experience with her employer as well as with other higher learning institutions within the region.

It is my pleasure to support her academic progress. I would highly recommend Ms. **GIHOZO Josephine** for a Master's degree scholarship. This recommendation reflects my assessment of how she would perform in her advanced studies. I firmly believe that she will be a valuable contributor to research and other academic activities at your university. I would also appreciate any support provided to her to facilitate her studies in your country.
